

HELP FIND THE HOMERUN CURE FOR ALL CANCER.

Before diagnosis with DIPG, **Elena Desserich** was a 6-year-old with a passion for art and reading. But as the cancer slowly robbed her of her abilities, it was art and reading that remained as her link to the outside world. Sadly, Elena's fight ended in August 2007, but her inspiration in us all remains strong. Her most treasured picture remains today as the logo for The Cure Starts Now.

Ayla Grace Slivka was a sweet, silly, funny, creative, science-loving, game-loving, beautiful child who was strong and fierce. She brought joy and laughter to so many lives. On July 6, 2021, Ayla was diagnosed with a rare form of brain cancer known as DIPG. Ayla sadly earned her angel wings on June 29th, 2022.

Harleigh Vanhorn was just over 2 years old when she exploded into our lives. Harleigh loved being active and participated in gymnastics, trampoline, swimming, cheerleading, soccer and diving. She passed on December 5th, 2023 at the age of 9 after a 17 month battle with DIPG. Her brain was donated to research and scientists were able to produce a cell line off of her cancer tissues. This means that though her body has passed on, she is STILL fighting cancer.

The Cure Starts Now is an IRS recognized 501(c)(3) non-profit organization. All proceeds will go to The Cure Starts Now. All donations are tax deductible in accordance with IRS regulations.
